July 7, 2010

Mr. Pete Martinez
Chairman, Palm Beach Medical College
P.O. Box 212889
Royal Palm Beach, FL 33421

Dear Chairman Martinez:

I am writing with regard to the potential appointment of John Donovan as a Professor at Palm Beach Medical College.

While Provost at Harvard University from 1994 to 1997, I taught with John in a number of executive programs at his firm, Cambridge Technology Group. He was an outstanding teacher: articulate, engaging, and effective.

During this same period, I socialized with John and his wife, Linda, and visited with them at two of their homes. It was always enjoyable.

I left Harvard in 1997, and last saw the Donovans more than a decade ago, so I am unable to comment on John's professional or personal activities since that time.

Sincerely,

A handwritten signature in blue ink that reads "A. Carnesale".

Albert Carnesale
