

COLLEGE OF ENGINEERING
CORNELL UNIVERSITY
ITHACA, NEW YORK

OFFICE OF STUDENT PERSONNEL

4 May 1959

Mr. and Mrs. John J. Donovan
99 Western Avenue
Lynn, Massachusetts

Dear Mr. and Mrs. Donovan:

I am very happy to be able to tell you that your son has been accepted for entrance to the College of Engineering. It will be our pleasure to welcome him as a student in September, and we hope he is enthusiastic over the prospect of becoming a Cornellian.

Between now and the time he enrolls questions will arise and decisions must be made concerning this very important matter of going to college; many factors must be weighed. As far as Cornell is concerned, we wish to leave no room for doubt as to the courses of study, the counseling of students, housing, scholarships or student activities. If you need more information on any of these or other points, please let me know and I shall see that you are advised.

Now that the formal process of selection is over, perhaps there is some further advice you would like to give us about your son, any word about him which I can pass on to his freshman adviser which might facilitate our understanding of him and his adjustment to the College. We want to bear in mind that he is a person as well as a student, and that his success in college will be a product of many factors of which intellect is only one. I shall be pleased to hear from you if you care to write to me.

Yours cordially,

D. H. Moyer
Director
