Dear John,

Thank you very much for making the time on an extremely busy day to meet with David and me at the Faculty Club on Tuesday to discuss Harvard Forest's land protection goals. And thank you very much for your generous pledge of \$10,000 toward Harvard Forest's purchase of the Wilson lot, the first step in this process. Your gift will help ensure the continuing viability of the many long-term experiments and research plots in place on our Prospect Hill tract as well as the tract's outstanding value as an outdoor classroom.

At our meeting we did not discuss how your pledge might be fulfilled. If you should wish to contribute stock certificates, the Security Gifts Section of the Harvard Management Company, Trusts and Gifts Department, 600 Atlantic Avenue, Boston, Massachusetts 02210-2203 can accept them toward the Wilson project for us. Otherwise, please let us know how you would like to proceed.

Your support for this project also advances us toward the larger goal we discussed of protecting all our research and education areas by collaborating with abutting landowners to establish conservation easements. We sincerely look forward to continuing to work with you toward this goal.

With sincere thanks for your gift and ongoing interest in the Harvard Forest.

John - Great to meet you
after all these years.
Please share your thinking
regarding the Hamilton lands.
Best, David

John - Thank you very much!
and I look forward to talking
with you again soon.
