Mr. Pete Martinez
Chairman, Palm Beach Medical College
P.O. Box 212889
Royal Palm Beach, FL 33421

Dear Mr. Martinez:

I have been a resident of Hamilton, Massachusetts my entire life and have known John Donovan for many years. I have had numerous opportunities to work with him during my years of service on the Open Space Committee, as a member of the Myopia Schooling Field Trust and as a Founder of the Essex County Trail Association.

We, in Hamilton, are very grateful to John for the contributions he has made to the community over the last thirty years. He has acquired and managed 800 acres of open space for habitat and agricultural purposes. In addition, he has constructed playing fields for the boys and girls of the town and has made his farm available for the use and enjoyment of many civic and sporting groups.

John Donovan is a good neighbor and an exceptional steward of the land.

Sincerely,

Susanna Colloredo-Mansfeld
