Dear Mr. Donovan:

Your generous gift to The Graduate School Alumni Fund is very much appreciated by all of us here. One of our primary missions is to enable our graduate students to complete their studies without assuming inordinate debts. Gifts from our alumni and alumnae significantly improve the lives of our current students. And the fine level of alumni participation is a tremendous source of pride to the School.

Because your gift is classified as **endowment**, a fund has been established in your **name**. The interest income it generates each year will provide an annual gift to the Graduate School Alumni Fund, in perpetuity.

We are extremely grateful for your kind interest and generous support of our efforts.

Sincerely,

Jerome J. Pollitt  
Dean  
Professor of Classical Archaeology  
and History of Art
